Carol and Buster

Carol has difficulties wtih mobility and always uses a walker to get around. She told personal trainer, Kim, that she wished she could dance with her husband, Buster. Kim told Carol that if she would come to exercise classes, she would be able to dance with Buster when Silver Prom came around. Carol went to exercise class.

Why have a Silver Prom?

This is Colleen. She was a regular volunteer at the Good Samaritan Center and a resident at one of our Housing Authority buildings. She was super excited about our first Silver Prom. When the free formal wear event came around, she was thrilled to find this gown! She told the event volunteers that she had never gone to prom. At the dance, she thanked us profusely and said she had the best time! Her friends at the Good Samaritan Center said she talked about it for weeks afterward. It would be her first and last prom as she passed away later that year. Her family used this photo at her funeral.

Thank you!!
